## ” Come and join EfCCNa 2022 Get inspired – create the future “

### **Critical Care Nurses in Europe and abroad:**

We welcome you to join this international nursing congress with a focus on enhancing the care of patients, their families and staff in critical care through teaching and sharing best evidence-based practice.

The programme is aimed at all those who **work in critical care from novice to expert level**. Sessions are designed to attract clinicians, educators, researchers and managers to share evidence-based practice in assessment, management

and evaluation of patient outcomes of the critically ill. Critical care education and training will be enhanced through the provision of **interactive workshops and master classes with experts**.

**Don't  
forget!**

### **Best Abstract & Poster Awards**
